

State-of-the-Art POS Solutions

SPECIALTY RETAIL

Our solutions for the specialty retail market sector are scalable and capable of handling multiple industries. Whether you have multiple stores with multiple lanes or one store with one lane, we tailor every system to your meet needs.

At UNited Cash Register (UNCR) our vision is to provide an array of Point of Sale (POS) products and solutions to our customers using our expertise, integrity, professionalism and proven customer service & support.

For the past 19 years our employees have brought the best of market solutions to over 400 customers. From the beginning our goal has been to create a partnership with our customers. It is these partnerships that have enabled us to continue to provide repeat sales and service.

Our professionals currently provide sales and software/hardware support to our customers in Utah, Idaho, Colorado, Wyoming, Arizona, Nevada, Washington, Oregon, California, Michigan and Hawaii. UNCR headquarters is located in Layton, Utah.

UNCR PROVIDES OUR CUSTOMERS WITH:

- Specialized technologies developed by our vendors
- Customized integration to meet your individual needs
- Increased efficiency in training programs
- Decreased check-out times
- Reliable support and service

The staff of UNCR has been recognized by the professional associations we belong to as the "Best of the Best".
